

What you need to know about Community Telco:

# It's proven, it's personal and it's powerful

## Community Telco works for everyone

### Proven local contributor

It's a proven fact that when commercial revenue stays in the region, the region grows stronger. A strong, growing community is great for business and benefits locals with economic development. An initiative of Bendigo and Adelaide Bank, **Community Telco was created to capture expenditure that would normally leave our region.** This means we are all able to play a role in enhancing the future of our local area.

### Personal service

Community Telco can supply you with the latest telecommunications technology tailored to suit your business now and in the future. You can have premium grade business services delivered with a high level of personal service from your local account manager. **No off shore call centres, no automated answering systems, you'll be serviced by dedicated staff – we are right there when you need us.**

### Powerful solutions

When you sign with Community Telco you are joining the combined buying power of over 16,000 customers across Australia. By aggregating local demand and providing solutions, Community Telco can offer you **a range of products and services at a comparable price but with far greater personal service** than any other telco.

Please contact us for more information on how Community Telco can best serve you, your business and your community.
